## About the ACCA Diploma in Accounting and Business

The Diploma in Accounting and Business has been designed and developed to attract learners by providing them with the fundamental knowledge and principles which provides a broad introduction to financial and management accounting.

The Diploma also provides knowledge of business and its operating environment and introduces learners to the core principles of ethics and professionalism through the use of a Foundation in Professionalism case study.

The qualification structure requires candidates who wish to be awarded the globally recognised ACCA Diploma in Accounting and Business to pass the following modules:

- Business and Technology (BT)
- Management Accounting (MA)
- Financial Accounting (FA)
- Foundations in Professionalism (FiP)

This course is open to both those in employment and the unemployed, as well as those returning to work. The DipAB is fully funded under Springboard+, including all relevant ACCA related fees for all learners who meet the national admission eligibility requirements.

## Who is eligible?

- Returners (formerly referred to as Homemakers)
- The unemployed or formerly self employed.
- People in employment

All categories must meet residency (applicants must have been ordinarily resident in an EU/EEA/Swiss state for at least three of the five years preceding their entry requirements to the programme) and nationality requirements.

# What our students have to say

“ The guys are inspirational with bespoke materials and fantastic approach. They are also very committed to getting you passed with almost daily personal mails and updates. You are never left alone without knowing what the next steps are. Take a look at their pass rates and you will see that their approach is working extremely well! I can't recommend them highly enough! ”

“ The quality of the course just blew my mind. All the materials and study plans are given, you just need to follow it. The support provided is above and beyond and not only during regular classes, with additional classes, mock exams & motivational messages, with constant support in the WhatsApp group. Thanks to them I passed with no issues in the first sitting. I'm happy I found PAT, there is no better place to be for an ACCA student. ”
